

Kettle Tips: A Guide for bell ringing at The Salvation Army kettle

[Help us using Facebook]

The Salvation Army of Dane County is on Facebook!

Thank you for ringing bells for the Salvation Army. Here are a few suggestions on how you can use Facebook to help spread the word and raise additional dollars during your bell ringing shift:

- Before you ring bells, go to <http://www.facebook.com/salvationarmydaneconomy> and click the "Like" button to follow us on Facebook.
- Post the "when and where" of your bell ringing shift on your FB page, inviting friends and family to join or stop by to donate.
- Take pictures or BlipSnips video while you are ringing and post on your Facebook page.
- Remember to also "share" your pictures/video with us on the Salvation Army of Dane County Facebook page.

Other ideas how you can help our Kettle Campaign.

- Introduce a friend to the experience and invite them to ring with you. It is easy and fun to ring as a team.
- A "Special Kettle" stand is a great way to encourage donations. Each year kettles pop-up at corporate parties, wedding receptions and church gatherings. Where would you like a kettle to be placed?
- Encourage your company to join the effort this holiday by joining our "Adopt-A-Kettle" campaign. Your organization agrees to take one kettle and gather enough ringers for at least one day at one location
- Call us to discuss one of these ideas. Please call our Kettle Coordinator at **608-250-2236**

DOING THE MOST GOOD™
